## DVF APPLICATION CHECKLIST

- \_\_\_\_\_ Only one original PDF application is prepared. Most-recent application form (2024-2026) is required.
- \_\_\_\_\_ Application is computer-generated on 8½" x 11" paper, printed on one side only.
- \_\_\_\_\_ The application is signed by the applicant in ink after instructions from the CGM to do so.
- \_\_\_\_\_ A check or money order is included in the correct amount made payable to "DVF."
- \_\_\_\_\_ All generations from the applicant to the patriot ancestor are completed.
- \_\_\_\_\_ Complete dates and places for each person in each of the first three generations are provided. Acceptable documentation is submitted to prove each complete date and complete place listed.
- \_\_\_\_\_ Each person in generations four to the patriot ancestor has the minimum requirement of a date and place of birth or a date and place of death with supporting documentation. Circa (about), ante (before), and post (after) dates are acceptable.
- \_\_\_\_\_ If the application is based on a verified information from another lineage society application (see page 2 of the application for the list of acceptable societies), a copy of the most-recent verified application or supplemental has been included with the application. Please do not include information from the record copy bracketed as unproven.
- \_\_\_\_\_ Dates and places are formatted according to the Application Notes on the application.
- \_\_\_\_\_ Sources are cited with detail.
- \_\_\_\_\_ The patriot ancestor has both a service description and a source for service with acceptable supporting documentation submitted to prove this information.
- \_\_\_\_\_ All documentation must be **unaltered**. Do not send original documentation. It will not be returned. Submit a separate note of explanation if there is an error on the document.
- \_\_\_\_\_ Each piece of documentation is legible. Transcriptions may be included. Photos of documents taken with phones must be clear and straight on, not taken at an angle.
- \_\_\_\_\_ All pertinent names, dates, etc., are underlined in red pencil on the document. No brackets, slashes, date ranges, or quotation marks are used. "Unknown," "living," or "not applicable" has not been entered into any field.
- \_\_\_\_\_ Date- and place-of-death fields are blank for living persons.
- \_\_\_\_\_ Standard abbreviations for vital records such as BC, MC, DC, etc. are used.
- \_\_\_\_\_ Citations are entered consecutively on one line, only using additional lines if needed.
- \_\_\_\_\_ No explanations, transcriptions, or comments are in the References fields. Explanations are on a separate sheet.
- \_\_\_\_\_ Any sensitive situations in which required documentation cannot be obtained are explained in a separate note that is included with the supporting documentation. The applicant must provide the explanation.
- \_\_\_\_\_ Any birth in any generation that occurs before a proven marriage date may indicate an error in lineage. This must be researched and a separate explanation note included with the supporting documentation.
- \_\_\_\_\_ Make sure ages make sense for lineage: ex, father deceased three years before birth of child; mother nine years old when child born. These red flags indicate further research is required. This includes previously-verified lineages.
- \_\_\_\_\_ The application and supporting documentation are in order with the applicant's vital record on top and each succeeding generation with the male documentation, then the female documentation, then the marriage information. No staples, glue, tape, or post-it notes are used. No folders or separation pages are used.
- \_\_\_\_\_ Before mailing anything, the application and supporting documents have been emailed to Sharon Withers, CGM, [smwithers@twc.com](mailto:smwithers@twc.com). **DVF reviews and approves the application before you mail anything.**
